\_\_\_\_\_.

**III. Answer the following questions in two sentences each.**

**1.Name the pictures and describe it**

a.

\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

b.

---

---

---

---

---

---

c.

---

---

---

---

d.

---

---

---

---

---

---

---

---

3. Mention the causes for the depletion of natural resources .

---

---

---

---

---

---

4. Would you allow the forests to be cut down for the extraction of iron and coal? Give reasons.

---

---

---

---

---

5. Plants are a natural resource of food, timber and fodder. Can you think of a plant that is not a natural resource? Explain.

---

---

---

---

---

6. Can a natural resource reduce in importance? Give example

---

---

---

---

---

---

7. What is acid rain and how it can cause harm?

---

---

---

---

---

8. How do trees help in reducing air pollution?

---

---

---

---

---

---

---

---

**IV. Answer the following questions in three or four sentences each.**

1. Observe the picture given below. Comment on how it can save our environment.

---

---

---

---

---

---

---

---

---

---

---

---

2. Suggest ways to reduce air pollution.

---

---

---

---

---

---

---

---

---

---

---

---

3. List the ways to conserve natural resources.

---

---

---

---

---

---

---

---

---

---

---

4. Write the causes and effects of air pollution.

---

---

---

---

---

---

---

---

---

---

---

---

5. List few natural resources and its uses.

---

---

---

---

---

---

---

---

---

---
