(A Day in My Life)</b></p> <p>♣ Give a catchy title to your autobiography. ♣ Write your autobiography in 200 – 250 words.</p> <p>✚ <b>What is an autobiography?</b></p> <p>An autobiography is a written account of the life of a person written by that person. In other words, it is the story that you wrote about yourself. Use the first person perspective (I, me, my, mine) when writing your autobiographical essay because you are sharing your own experiences. If you're afraid your life hasn't been "big enough" to merit an autobiography, don't worry. Your friends and family will want to know about your personal history and relationships with others. They will also be interested in how you felt about events you have lived through, and the lessons you have learned along the way. So keep cool, and start writing.</p>
